North Queensland builder wins people's choice national housing award

A home by North Queensland's **Brendan Grant Master Builders** has been chosen by consumers as the HIA-CSR Australian People's Choice Home, announced at the 2019 HIA-CSR Australian Housing Awards.

This year's award winners were unveiled before hundreds of industry leaders at the prestigious awards ceremony held as the final night of the Housing Industry Association (HIA) 2019 National Conference in Perth.

The home had previously been awarded the 2018 HIA North Queensland Home of the Year, putting it into the competition against nine other homes from around Australia.

"East/west orientation was carefully thought of along with all the bells and whistles," commented a judge who viewed the property previously.

"With different levels to the floor and ceiling every angle was an eye catcher. The amazing pool was the centre of attention as well as the kitchen area; and being in the tropics this is where you do most of your entertaining."

HIA Managing Director Graham Wolfe said the HIA-CSR Australian Housing Awards recognise the best in Australia's residential building industry.

"HIA is committed to recognising our members who excel in building exceptional homes, kitchens and bathrooms. These members are reaching the highest standards in workmanship, are innovative, and pushing the boundaries with design."

"We also recognise the professional builders and business partners who are ahead of the game in customer service and business practices."

"All winners and finalists are congratulated; having achieved one of the highest accolades and being recognised before their industry peers," Mr Wolfe commented.

The HIA-CSR Australian Housing Awards are the ultimate platform to showcase the talents of the nation's top builders and designers. Winners are selected from state-based finalists, with awards in 22 separate categories (see full list below).
